

Congratulations on choosing MedStar Health System for your post-graduate training. The SiTEL Clinical Simulation Center (CSC) of MedStar Health is proud to offer the mandatory American Heart Association Bundle course that includes Basic Life Support (BLS), an Advanced Cardiac Life Support (ACLS) preparation and ACLS Provider courses to meet your **required** training requirements for your training program. You will need to register for the mandatory, 3-day bundle course **CRT 310- AHA Bundle Course** through Sitel's online registration process (instructions attached). All of the courses will be offered at the SiTEL CSC locations: CSC North, CSC, South and GUH AHA Training Center. You are able to attend the bundle course at any of the three clinical simulation center locations.

You are required to have your textbooks prior to class for both BLS and ACLS. Textbooks may be purchased at the clinical simulation centers or from the following websites:
